

Software Engineer – Full Stack (React, Node.js, Cloud)

-  **Location:** Chennai, India (Hybrid/Remote)
-  **Salary:** Competitive + Performance Bonuses
-  **Experience Level:** 1-3 Years (Exceptional Freshers Considered)

About Us

GrowTo is an innovative tech-driven company focused on building scalable AI and full-stack solutions. We are looking for a passionate Software Engineer to join our growing team and contribute to cutting-edge projects across web and cloud applications.

What You'll Do

- **Develop & Optimize:** Design and implement scalable full-stack applications using React, Node.js, and TypeScript.
- **API & Database Management:** Build and maintain RESTful APIs, microservices, and database schemas (MongoDB, MySQL, Firebase).
- **Cloud Deployment:** Deploy applications on AWS/GCP, ensuring high availability and security.
- **Performance Enhancement:** Optimize backend services and frontend applications for speed, efficiency, and scalability.
- **Collaboration & Innovation:** Work closely with designers, product teams, and AI engineers to develop innovative solutions.

What We're Looking For

- ✓ **Proficiency in JavaScript, TypeScript, Node.js, React, and Express.js.**
- ✓ **Experience with cloud services (AWS/GCP) and CI/CD pipelines.**
- ✓ **Strong understanding of database management (MongoDB, MySQL, Firebase).**
- ✓ **Knowledge of REST APIs, GraphQL, authentication protocols (OAuth, JWT).**
- ✓ **Familiarity with Agile methodologies, Git, and DevOps workflows.**
- ✓ **A problem-solving mindset with a passion for building scalable products.**

Bonus Skills (Nice to Have)

-  **Experience with AI-powered applications, RAG, or LLM APIs.**
-  **Hands-on knowledge of Docker, Kubernetes, and serverless architectures.**
-  **Familiarity with blockchain or Web3 development.**

Why Join Us?

- ★ **Exciting Projects:** Work on AI-integrated full-stack solutions.
- ★ **Career Growth:** Upskilling support, mentorship, and rapid career progression.

★ **Flexible Work Environment:** Hybrid/Remote options available.

★ **Impact-Driven Culture:** Your work directly influences product and company growth.

✉ **How to Apply?**

Send your resume + portfolio/GitHub link to [your email] with the subject "Software Engineer - Application".
